Fleet

Michaels' fleet boasts name brands such as **Mercedes Benz, Lexus, Cadillac, Lincoln, Executive Suburban, Hummer, Escalade, Navigator, Vans and Stretch Limousines**. All of our cars are equipped with cellular telephones, daily newspapers and magazines. Our drivers are professionally attired, clean and courteous. Staff

The staff at Michael's is available 24 hours a day, 7 days a week and is dedicated to providing you with professional and personal service. We are aware of the time constraints facing companies in today's fast-paced environment and are ready to meet your transportation needs. Our state-of-the-art database stores client information on each member of your staff, eliminating the need to repeat data entry each time a reservation is made.

Automated Cost Control

Michael's reservation system has built-in reporting capabilities that provide immediate feed back on usage and charges. Clients can use these reports to track travel patterns and cut costs. Reports and invoices from the system are custom designed to meet your needs by grouping employees into divisions, departments or cost centers. Billing can be done via credit card or through pre-arranged monthly billing.

To order a car, please call us at **(203) 629-2500 or (800) 555-5593** or, to make a reservation on-line, visit our website at www.michaelslimo.com. Our web-site also has links to up-to-the-minute information on flight departures and arrivals as well as tri-state traffic.

We at Michael's Limousine look forward to working with you to meet your transportation needs.

Sincerely,

Vince Vitti, President

AIRPORT PICK-UP

Michaels will confirm flight arrival time with the airline before the car is dispatched to the airport to avoid unnecessary waiting time.

Chauffeurs will meet domestic flights at the baggage area holding a sign with the client's name on it.

Curbside pick-up is available for those without luggage upon request. Michael's recommends that curb-side pick-up is done at the departure level for faster service.

Chauffeurs will meet international flights outside customs clearance holding a sign with the client's name on it.

There is a one-hour grace period for international flight delays due to late arrival or slow customs processing.

There is a half-hour grace period for domestic flight delays.

AIRPORT DROP-OFF

Clients are generally dropped off curb-side and assisted with luggage. In the event that a client has excess baggage, the chauffeur will help them into the terminal.

Michael's recommends that clients arrive at the airport one hour prior to domestic departures and two hours prior to international flights in accordance with airline policies.

TRAFFIC CONSIDERATIONS

Michael's is well versed in the traffic patterns of the tri-state area, especially in and around airports. When a reservation is made, Michael's will recommend driving time to the airport. While Michael's understands the time constraints facing clients, we ask that the client bear in mind that it is Michael's responsibility to transport them safely to their destination.
